Sir,

Reference para 3 of your letter No. G/108, dated the 17th April 1952, addressed to the Accountant General, Bombay.

2. I am to point out that the Government Resolution of 4th October 1951, to which you refer to in the letter referred to above has been replaced by Government Resolution, Finance Department, No. 3464/33, dated the 1st May 1952 (copy enclosed) except para 2 of the former Government Resolution which is only procedural. It will be seen from para 2(i) of the Government Resolution of 1st May 1952 that the premium payable to the Insurance Fund is to be debited under a new detailed head "Premia payable to the Insurance Fund" under the relevant sub-head Minor head and Major head of the Scheme. Although para 2 (i) of the latter Government Resolution does not directly apply in the case of the premiums in question payable by you; it can be said on its analogy that the Country, Craft Insurance premiums payable on the cement consignments sent on your account should be debited to "stock" or "Specific Works" according as cement consignments are required for "Specific Works" and not to "Establishment Contingencies". The above principle will also hold good in the case of consignments of other materials like Iron, Steel, etc.

Yours faithfully,

Sd/-
